Only your dealer is trained by the organization that made your machine, and is wellversed in the latest, most comprehensive service and diagnostic techniques. Your Case IH dealer can spot important maintenance issues before they become costly repairs and offer preventative maintenance and warranty plans that guarantee the lowest cost of ownership over the life of your machine. Knowledgeable service and special training program offerings mean you'll be ready to take on anything that comes your way during the season. In some cases, we're able to apply engineering enhancements to make remanufactured parts even better than the original components. Reman is also an important way to support sustainable development, which aligns with our commitment to environmental responsibility. Case IH Tractor assembled its first mechanical thresher. Later, in 1842, inventor Jerome Case founded Case in Racine for the production of McCormick threshers. Up to the 1900s, the company gained worldwide recognition as a manufacturer who first started using steam engines in agriculture and later became the largest producer of steam engines and threshers. 1903 1910 The company began to grow and offices in other countries appeared. Including equipment Case came to Imperial Russia. In the future, these four people become known as the "Big Four". In 1985, the US Law Department authorized CASE to acquire International Harvester. The new company CASE IH is becoming the second largest producer of agricultural equipment in North America. In 1963, Case already has 125 dealers in the UK, France, South Africa and Australia and 15 licenses for sale in other countries. In 1999, CASE IH merged with the Italian concern FIAT Group as part of the new company CNH Case IH and New Holland . Today, production and service enterprises of the CASE IH concern are located in many countries of the world. The company's dealer network is constantly growing and developing.
